

Software update via USB drive

- 1) Always take a picture of the values in the service menu parameters 1 and parameters 2!! (Password to service level 2 Where you can find parameters 2 is 4567)
- 2) From the main menu You have to go to the SERVIS page

3) On the SERVIS page, You select the USB icon at the bottom

4) Turn the arrow from the USB drive to the MACHINE and turn on the labels
